Overview and Contact Information

The Master of Arts in Teaching program (M.A.T.) is an accelerated coeducational teacher education program for aspiring middle and secondary school teachers. This flexible, 11-month M.A.T. includes an innovative curriculum, a unique collaboration with Expeditionary Learning (EL), personalized advising, and initial teacher licensure in 20 subject areas.

Mount Holyoke College offers licensure at the following levels:

- Early Childhood: Grades PreK - 2
- Elementary School: Grades 1 – 6
- Middle School: Grades 5 – 8
- Secondary School: Grades 8 – 12

Students in the M.A.T. program receive personalized advising to help them reach their academic and career goals. They work closely with a network of professionals including faculty advisors, supervising teachers, Expeditionary Learning mentors, and a variety of content area experts. Upon successful completion of the program, students are awarded the Master of Arts in Teaching degree.

Curriculum and Requirements

The M.A.T. with initial licensure is a 36-credit program that a full-time student can complete in 11 months, from August to the following June. Part-time students can complete requirements at their own pace, although they will eventually need to complete the program’s capstone: a full-time, semester-long teaching practicum. Coursework for the M.A.T. is delivered in three sessions: summer, fall, and spring. Students are expected to maintain a B grade in all courses. M.A.T. curriculum map (https://www.mtholyoke.edu/graduateprograms/teaching/courses).

Summer (6 credits)

Starting in August, the summer session features an immersion into the Expeditionary Learning (EL) “case study” teaching model. Students will go on group learning expeditions in the field to experience powerful project-based methodologies delivered by EL professionals. Students go on to complete introductory course work in human development and about schools and schooling (X.EDUC-420), plus a module on technology in education (X.EDUC-417).

Fall (16 credits)

In a traditional fall semester, September–December, students complete four courses taught by Mount Holyoke faculty and augmented by highly qualified current practitioners. These include general and content-specific methodology course work with associated school-based practicum work (X.EDUC-460, X.EDUC-463, X.EDUC-470, and X.EDUC-430, and X.MATH-402/X.MATH-405), as well as an advanced-level elective in their licensure subject areas (middle and secondary education only). Within the general and content-specific methodology courses, students will learn about curriculum development and planning, working with diverse students, and effective approaches to classroom management and assessment.

Spring (14 credits)

Students complete a full-time, semester-long student teaching semester (the practicum, X.EDUC-431 and X.EDUC-433) as well as a weekly seminar (X.EDUC-433 and X.EDUC-422) in which they reflect on their developing practice. Students also begin to explore the job market, participate in practice interviews, attend job market fairs, and meet with Career Development Center staff. Upon successful completion of the semester, the institution recommends the students for licensure to the Massachusetts Department of Elementary and Secondary Education.

Additional Licensure

Courses (X.SPED-426, X.SPED-436, X.SPED-438, X.SPED-441, X.SPED-463, and X.SPED-481) and internship opportunities are also available for students who wish to pursue an English Language Learner additional license (see Special Education Module (http://catalog.mtholyoke.edu/PaGE/programs/special-education/#text)).

Flexible

While the M.A.T. is designed to be a continuous, 11-month program, part-time students can complete requirements at their own pace, although they will eventually need to complete the program’s capstone: a full-time, semester-long teaching practicum. Students will work with an advisor to design an approved manageable plan to complete program requirements.

All applicants must have:

- Completed a bachelor’s degree prior to beginning the M.A.T. program.
- An undergraduate major—or demonstrated equivalent subject area knowledge—in desired teaching discipline.
- A passing score on the appropriate Massachusetts Test for Educator Licensure (MTEL). Those who have not yet taken the MTEL are still able to apply to the M.A.T. program; further details on the timing of the necessary tests required for the particular license will be provided when the applicant meets with the program advisor.
- An interview with the admissions committee.

Those who apply to this program generally have a 3.2 undergraduate GPA.

To apply to the M.A.T. program, prospective students complete the M.A.T. application and upload all supporting materials via the online application (https://www.mtholyoke.edu/professional-graduate/mat/how-to-apply), except official transcripts which need to be mailed into:

Professional and Graduate Education
Attn: Amy Nichols
Mount Holyoke College
50 College Street
South Hadley, MA 01075

To secure their place in the program, admitted applicants will pay a non-refundable $300 deposit which will be applied as a credit to their first term’s bill.
Tuition for the 11-month M.A.T. program is $24,500, covering the 36 credits required for the degree. Students also pay a Student Government Association fee of $93 in fall semester.

For refund schedules and information, please consult the Refund Policies for all M.A.T. Degree Programs section of the PaGE Financial Policies page (http://catalog.mtholyoke.edu/PaGE/financial-policies).

Mount Holyoke’s Office of Student Financial Services works closely with students to ensure that they are aware of the different financing options available to best suit their individual needs.

**Financial Aid**

Students may apply for a variety of loan options, including federal student loans.

Please see Financial Aid for all M.A.T. Degree Programs (http://catalog.mtholyoke.edu/PaGE/financial-policies) for further information.

**Scholarships**

**Peace Corps**

Our partnership with the Paul D. Coverdell Fellows Program allows us to offer 50% tuition remission to two Returned Peace Corps Volunteers. Students who wish to apply for this must submit an essay for the Promising Teacher Award, as well as a certificate from Peace Corps illustrating that they have completed (or expect to complete) their program.

**City Year**

City Year offers 50% off tuition for aspiring school teachers. For eligibility and additional information, visit City Year online (https://www.cityyear.org).

**Promising Teacher Scholarship Award**

The M.A.T. program offers a Promising Teacher Scholarship Award. The application for this Award is an optional section of the M.A.T. online application (http://mathleadership.org/programs/master-of-arts-in-mathematics-teaching).

**Mount Holyoke Educator Scholarship**

The program also offers the Mount Holyoke Educator Scholarship for Mount Holyoke College graduates. Scholarships are awarded based on the strength of the application, letters of recommendation, and a personal interview. Current students and alumnae will automatically be considered for this Scholarship.

- Preferred application deadline: January 15
- Rolling admission will continue after January 15

**Course Offerings**

**X.Educ-411 Policy Fluency: Current Issues in Education**

*Spring. Credits: 4*

In this learning experience, teachers will work on building up their "education policy fluency" based on their own school context. Students will read education news from across the country, including Education Week and blogs from a range of teacher and education bloggers with varied perspectives. Then they will dig into deeper understanding through weekly dialogue with each other and article authors and current teacher leader experts in the field. This course aims to help teachers gain an even stronger understanding of the policy world that influences what we do in the classrooms, in both public and private school settings.

*Applies to requirement(s): Meets No Distribution Requirement*

**X.Educ-413 Leading Colleagues Using Research: Bridging the Gap Between Research and Practice**

*Credits: 2*

Based on Domain 2 of the Teacher Leader Model Standards, this class helps build the skills, knowledge, and dispositions teacher leaders need to support colleagues in using the latest research and data to improve practice and student learning. Topics we will explore include types of research, examining the research process, the skills teacher leaders need to lead colleagues in using research to improve practice, research competencies, action research, data collection and analysis, how research makes instruction intentional and systematic, and how it allows us to make meaning out of numbers.

X.EDUC-417 Teaching With Technology  
*Credits: 2*  
Students will read current research examining the effectiveness of teaching with technology in PreK-12 classrooms as they explore questions about the role of technology in 21st century education. Students will experiment with a variety of tools that allow teachers to design effective lessons for a diverse range of learners. Students will focus on using technology to integrate students on IEPs, 504, and other learners with specific learning needs.

X.EDUC-449 Equity and Social Justice: A Teacher's Role  
*Credits: 2*  
In this course, participants will learn to address issues of social justice seamlessly and incorporate social justice into the design of their learning environments. This will be accomplished in three steps: First, participants will be assigned a self-awareness partner to process socialization around social issues. Second, participants will produce narratives about their social justice development. Finally, participants will create action plans that will create learning environments that don’t shut down dialogues about difference, but open them up. Participants will then take this new learning and self-awareness and apply it to education systems outside of their classroom.

X.EDUC-460 Subject-Specific Methods for Middle and Secondary Teachers

Fall. Credits: 4

This subject-specific methods course is designed for graduate-level teacher education students preparing to teach at the secondary or middle school levels. Firmly embedded within the Expeditionary Learning Model, this course links the theoretical underpinnings of subject-specific pedagogy, differentiated learning, global learning, sheltered immersion, assessment, and the community/school/classroom/students. Students will connect theory with practice through their work with subject-specific experts in the field and through reflecting on their practice within pre-practicum placements in local schools.

X.EDUC-470 The Process of Teaching and Learning: Developing Math/Science/Technology Instruction and Curriculum

Fall. Credits: 4

Students will learn about inquiry-based science/math curriculum and use of technology in PreK-6 classroom. They will construct more extensive understandings of science/math instruction by developing lessons that implement the Massachusetts Frameworks incorporating the Common Core State Standards for Mathematics. They will teach a minimum of three lessons to students in their pre-practicum setting. Emphasis will be on learning diverse management and instructional practices, such as the use of manipulatives, problem solving, cooperative learning, and project-based learning. Students will also become more adept at developing effective approaches to using assessment to guide instruction.

X.EDUC-489 Catapult! Capstone Course

*Spring. Credits: 4*

This course is designed to catapult students' professional and personal leadership journey to the next level. It serves as an idea incubator, helping give teacher leaders the support and direction they need to propel themselves forward in their work and launch teacher-created ideas to improve education for all students. In this class, graduate students will demonstrate and document the impact of their knowledge gained throughout their journey at Mount Holyoke College. Students will choose a domain of the Teacher Leader Model Standards to focus their capstone work, then they will choose one of four pathways for the semester: a research study, a teacher-created project, a teacher leader internship, or National Board candidacy. They will apply their skill and knowledge under a teacher leader coach, who will support them and engage in weekly reflective practice of their teacher leadership work. At the end of the semester, teachers will complete and share a portfolio that demonstrates how their experiential learning experience has enhanced their practice as a leader and a teacher leader.
